-Ira Judson Belknap, who, for half a commendable record as freight conductor on the A., J. & F. road, has resigned his position and removed to Burr Oak, Mich., trust-to his ever active vigilance, and ever with the expectation of going into the lum-

-Mr. Tomlinson, a victim of the bridge disaster, who found quarters at the house of Mayor Hepburn, and whose condition has been of a somewhat variable character. is not rallying from his injuries with the hopefulness at first indicated. Some ap-

prehension is felt for the result.

-Winter has relented, and put on a better and more comfortable mood. Much of the snow that was whirled upon us with such flerceness—such blockading quantity and force-has mostly been carried off by the genial warmth of the sun and the tem-

snow and ice seems to be among the matters loudly called for. Then if our street committee would see that the cross-walks were attended to, the heads of the village fathers would be crowned with a halo of glory by every peripatetic citizen.

State, were particularly spiteful towards Mr. Garfield as one of the caucus candidates for the high joint commission, and very generally voted against him. How natural it is in degraded human nature, to hate the excellence it cannot reach. -It seems to be the opinion over in Con-

all; he was the soul of honor, and evidence ed throughout his life that constant and incorruptible integrily which commanded the perfect confidence, respect and regard neant, that they've got an editor there, now, who will take "no lip" from any of the county press. His sanguinary proporof all who were conversant with his contions seem to command deference and reduct and character. spect at first sight, from the rolicing, jested wife an expression of our deepest soring and tantalizing herd of scriblers in the row and sympathy, and most earnest desire and hope that she may be sustained in this greatest calamity and bereavement which

-There was an ice gorge in the Mahoning, at Warren, on Sunday, the 4th; south of the canal the city was flooded several feet in depth. There were five feet upon the track of the A., Y. & P., which it was expected would suspend transportation for a day or two at least. Considerable loss

-Prices of oil having begun to take the descending scale, there followed a al.; Decree of foreclosure, etc. holding up of the work of refining. The Standard Oil Company at Cleveland, has shut down, and reduced its working force from 8.000 to 1,000, and the same ratio of et al.; Divorce granted to plaintiff and suspension has taken place among the refineries in the oil regions. When a cornerage has been brought about, so as to retura prices to a satisfactory standard, business will no doubt go on again.

-On Friday morning last, about four o'clock-as we learn from the Warren Chronicle-the house of the Rev. Dr. Bailey, of that city, was entered by a burglar, and although the Doctor was awakened when his room was entered, the burglar got away with a gold watch. We take it that the Doctor is not the man to draw the bed-clothes over his head and let the spoiler have his own way; we should rather think that if he had laid his hand upon him, it might not have been in exactly the apostolic way, and yet hardly less creditable to muscular divinity, for which he has established a well merited reputation.

-The Lake Erie: Alliance & Wheeling railroad we find, by carefully watching the various notices of our exchanges, will be when completed, a direct route between Fairport, on Lake Eire, and Wheeling, W. Virginia. It will pass through-so we are told-the richest mineral region of the State, and will open to a market, vast tracts of coal and iron, which have hithe to had no outlet. Great forests of oak will day morning, the roof of Dr. King's buildfind their way to the ship yards of the ing near the corner of Main and Centre North, and the pine lumber and products streets, was discovered to be on fire. A of the northern lakes will soon find a way general alarm was sounded, which had the this place visited Ashtabula last week The House of Representatives now have cough or cold. I Lemuel Clark will be 92 years of age the 10th of this month; he is very active for a man of his years, and enjoys good health; he says he takes seven papers and periodicals, and with seven more taken by the family—A. Moses, with whom he resides—he gets along very well as to reading matter; he reads nearly all of them. A number of years ago, when he lived on his farm, he says, he was drawing water from a deep well and it being very icy, his feet slipped and he fell in the boud before they blossom into full blown maladies. If this advice were attended to many a heavy bill for medical attended to, the public. This active and efficient remaiseful blown maladies. If this advice were attended to, many a heavy bill for medical attended to, many a heav he says, he was drawing water from a deep well and it being very icy, his feet slipped and he fell in; the well was small, but being very loss a small, but being very loss are loss as a small was small, but being very loss are loss as a small was small, but being very loss are loss as a small was small, but being very loss are loss as a small was small, but being very loss are loss as a small was small, but being very loss are loss as a small was an expectable for children, boys will ever want to be without it.

diabetes, studey and bladder diseases, and all diseases arising from an impure state of the blood. For nervous debility, lost vitality in young or old, I challenge the world to find its equal if thulids the broken down constitution (in eithersex) "right square up" and fills the veins with pure, rich, strong healthy, electrical blood, vitalizing the whole extent. The it and you will find every bot. healthy, electrical blood, vitalizing the whole system. Try it and you will find every bot tle (used for the above diseases) worth its weight in gold. It has cured thousands and it will cure you. Try it. Sold by A. R. THURBER, & CO., Agents for

NEW ART OF PRESERVING

HEALTH, or self-preservation, Written
by the Chief Consuiting Physician of the Ohl Dispensary, established over forty years. A treatise
on all diseases which flesh is bein to. Price pages
illustrated A-knowledged by the press and critics the most wonderful book ever poblished. Every family should have a copy.

Dr. Fleming's centribution to the ever-impor,
tand theme will command more than profinary abtention.— Philosolophia Inquirer.

The book treats specifically of all diseases to
which flesh is helt to.—Straday Transcript.

It sets forth the particular nature of all things
requisite for the life of mas.—Evening StarAll that tends to the preservation of health is
discussed, and that with delicace and correct
inste.—Philosolophia Age.

Of all hooks on health and the proper means of
prolonging life to a good old age that it has been
our province to read, we confess to have used with
shove.—Godey's Lody's Book,
Dr. Fleming, a practicing and able physician of
this city, gives, in its admirable book, handreds
of valuable hints that are really ignoriant to
man if he would enjoy health and comfort.

—Chy Ires.

The work is a most excellent one, and worthy

The work is a most excellent one, and worthy the study and consideration of those who desire to use the best means to preserve health and strength to an advanced are.—Sunday Tines.

It is homestly intended to teach people how to take care of themselves.—Henry Word Beecher.

It is worth ten times its price. It tends to good and only good.—Mer. Andrew Amounty.

The author can be consulted on all diseases requiring skill, secrecy and experience.
